Review Test Submission: Quiz: midway check

User	Otto Mättas
Course	2020-2021 1-GS Methods in Al research (INFOMAIR)
Test	Quiz: midway check
Started	10/7/20 9:32 AM LATE
Submitted	10/7/20 9:32 AM LATE
Due Date	10/7/20 9:00 AM
Status	Needs Grading
Attempt Score	Grade not available.
Time Elapsed	0 minute
Instructions	This is not the typical "content based" check quiz. Instead, we offer you room to provide any questions that you still have about the lecture content so far, or about the process / procedure of the course. You only need to fill out this quiz if you have some questions. As the content concerns multiple lecturers, we have placed the deadline a bit earlier (October 7th at 9:00 in the morning)
Results Displayed	Submitted Answers

Question 1 Needs Grading

Are any aspects of the lecture or reading material by Dong Nguyen unclear, or do you have follow-up questions about this?

If we have your feedback in time AND if there is sufficient time to do so, we will try to address this during the live lecture that is associated with this question. Leave this blank if you do not have any questions.

Selected Answer: [None Given]

Question 2 Needs Grading

Are any aspects of the lecture or reading material by Chris Janssen unclear, or do you have follow-up questions about this?

If we have your feedback in time AND if there is sufficient time to do so, we will try to address this during the live lecture that is associated with this question. Leave this blank if you do not have any questions.

Selected Answer: [None Given]

Question 3 Needs Grading

Do you have any questions about how the content of the course integrates? That is, about how different themes / lectures / methods relate to one another?

Selected Answer: [None Given]

Question 4 Needs Grading

Do you have any further remaining questions about the course organization or procedures?

Selected Answer: [None Given]
